

§ 123.23

Border Protection at the port of exit must include the Internal Transaction Number (ITN) for the shipment and a copy of a notification to the Directorate of Defense Trade Controls stating that the shipment is urgent and must be accompanied by an explanation for the urgency. The original of the notification must be immediately provided to the Directorate of Defense Trade Controls. The AES filing of the export information must be made at least two hours prior to any departure by air from the United States. When shipping via ground, the AES filing must be made at the time when the exporter provides the articles to the carrier or at least one hour prior to departure from the United States, when the permanent export of the hardware has been authorized for export:

§ 123.24 Shipments by U.S. Postal Service.

(a) The export of any defense hardware using a license or exemption in this subchapter by the U.S. Postal Service must be filed with the U.S. Customs and Border Protection using the Automated Export System (AES) and the license must be filed with the U.S. Customs and Border Protection before any hardware is actually sent abroad by mail. The exporter must certify the defense hardware being exported in accordance with this subchapter by clearly marking on the package “This export is subject to the controls of the ITAR, 22 CFR (identify section for an exemption) or (state license number) and the export has been

22 CFR Ch. I (4–1–12 Edition)

electronically filed with the U.S. Customs and Border Protection using the Automated Export System (AES).”

(b) The export of any technical data using a license in this subchapter by the U.S. Postal Service must be notified electronically directly to the Directorate of Defense Trade Controls (DDTC). The exporter, using either a license or exemption, must certify, by clearly marking on the package, “This export is subject to the controls of the ITAR, 22 CFR (identify section for an exemption) or (state license number).” For those exports using a license, the exporter must also state “The export has been electronically notified directly to DDTC.” The license must be returned to DDTC upon completion of the use of the license (*see* § 123.22(c)).

§ 123.25 Amendments to licenses.

(a) The Directorate of Defense Trade Controls may approve an amendment to a license for permanent export, temporary export and temporary import of unclassified defense articles. A suggested format is available from the Directorate of Defense Trade Controls.

(b) The following types of amendments to a license that will be considered: Addition of U.S. freight forwarder or U.S. consignor; change due to an obvious typographical error; change in source of commodity; and change of foreign intermediate consignee if that party is only transporting the equipment and will not process (e.g., integrate, modify) the equipment. For changes in U.S. dollar value *see* § 123.23.

(c) The following types of amendments to a license will not be approved: Additional quantity, changes in commodity, country of ultimate destination, end-use or end-user, foreign consignee and/or extension of duration. The foreign intermediate consignee may only be amended if that party is acting as freight forwarder and the export does not involve technical data. A new license is required for these changes. Any new license submission must reflect only the unshipped balance of quantity and dollar value.
